Dear **Exhibitor**,

Welcome to **World Future Energy Summit 2027!**

We would like to introduce ourselves as your dedicated appointed official contractor for all your exhibition requirements.

This manual contains essential information about what is included in the stand package that you booked with the Organiser. We'd greatly appreciate it if you could carefully read and follow the instructions closely to ensure we have the ability to create the most successful event experience possible for you. Please be sure to adhere to the deadlines stipulated on each of the order forms, while if you have any queries, please feel free to contact us, details of which are below.

We look forward to seeing you at the **Abu Dhabi National Exhibition Centre (ADNEC)** from **12 to 14 January 2027** when the team will be working together to enhance your experience at **World Future Energy Summit 2027.**

Wishing you a successful event,

OFFICIAL CONTRACTOR

DXB LIVE, DWTC

STAND FITTING AND ELECTRICAL CONTRACTOR

The Official Stand Fitting and Electrical Contractor for **World Future Energy Summit 2027. DXBLIVE** is responsible for stand building and maintenance of SYMA System stands throughout the period of the exhibition.

STANDARD, PREMIUM, TREND STANDS IN SYMA X-WALL SYSTEM

Stands in SYMA X-WALL system are constructed using our SYMA X-WALL aluminum profile. The structure includes a pre- assembled 3mH frame, Infill panels on both sides and a Fascia beam.

Our kit also comes with a range of add-on accessories to enhance/cater to your additional requirements. ***DXB Live reserves the right to impose charges on any modifications applied to any parts of the Standard, Premium, and Trend stand.***

FASCIA

The fascia name board consists of the Exhibitor's company name and stand no. in computer vinyl sticker cut to be applied on a fascia board. All shell scheme exhibitors are requested to submit the Fascia Form to DXBLiveCC@DWTC.com

Failure to complete on time will result in the fascia name being printed as Company name displayed on your contract / exhibitor list received from the Organiser. Any changes made onsite due to late/no submission of fascia name will be subject to an additional cost to be covered by the Exhibitor.

ELECTRICALS (Lights & Socket)

Standard are provided with 200 Watts single socket (3-pin standard socket) and 3 x 20-Watt Arm Light per 9 sqm.
Wooden Stands are provided with 200 Watts single socket (3-pin standard socket) and 3 x mounted on fascia beam per 9 sqm. Lights will be fitted behind the fascia.
Premium Stands are provided with 200 Watts single socket (3-pin standard socket) and 3 x 20-Watt downlights per 9 sqm. Lights will be on the wooden pelmet.

All stands will have a single socket outlet at 40 cm from floor level on the rear wall. Additional lighting or power points may be ordered through our online shop. If you require your power socket to be positioned in specific locations on your stand, please mark on the Grid Plan provided on the next page. If you do not indicate positions, the fitments will be fixed in positions by our staff and any ***changes/relocation onsite will incur charges*** amounting to AED 100.00.

All electrical work on Standard, Premium, and Trend stands must be done by DXB LIVE electricians. Items not supplied and fitted by DXB LIVE may be removed from your stand. Please contact us in advance if you require any assistance. Any issue needs to be addressed to the onsite office for quick and immediate assistance.

**Some stands may be required to have the distribution board within their stand structure, when and as required, at the discretion of DXB Live electrical team.*
