	Green Hydrogen Innovation Presentations	10:30 - 13:30 Hall 1 - Innovation Stage
	CLiX AI Pitch Presentations	14:00 - 17:00 Hall 1 - Innovation Stage
	Sustainable Stand Award Ceremony Sponsored by	14:30 - 15:30 Stage 1

Innovation Features

14 - 16 January 2025

10:00 - 16:30 | Hall 1

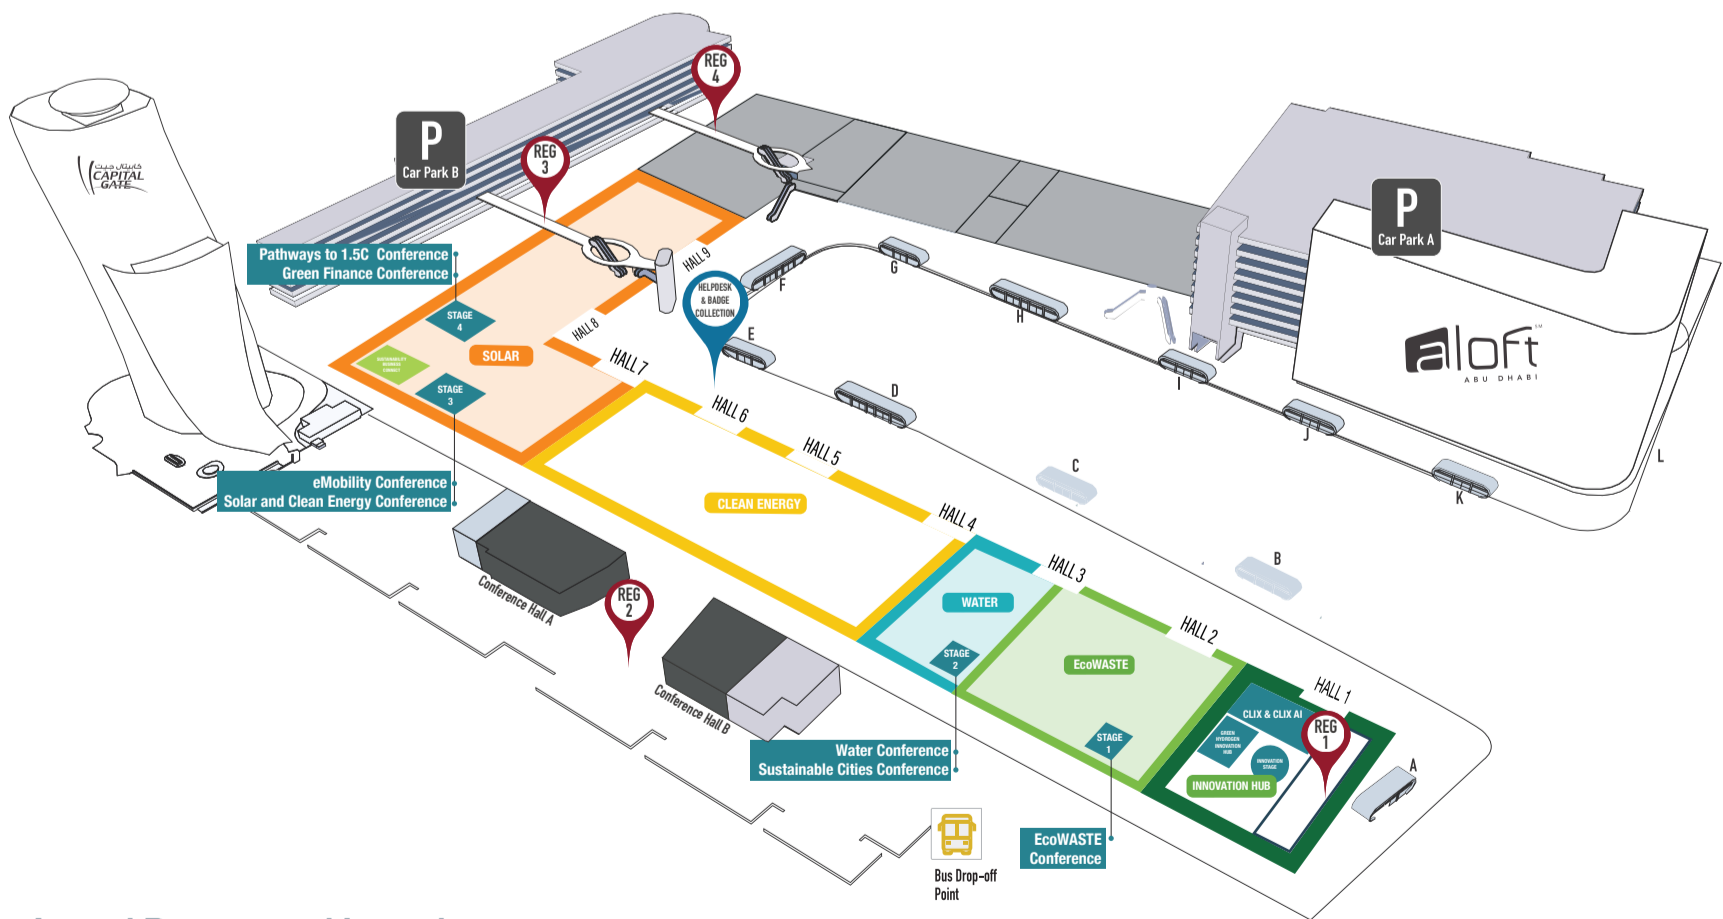

The Climate Innovations Exchange highlights female led, run or founded start-ups and innovators dedicated to tackling climate change and sustainability.

Expanding on our CLIX platform, 2025 will see a dedicated selection of startups that are using AI to tackle challenges focused on clean energy, climate change and sustainability. Similar to CLIX, this will also be female focused.

As the Global Green Hydrogen Market is projected to grow at a CAGR of approximately %15.7 during the period 30-2024, the World Future Energy Summit will once again highlight Green Hydrogen at this year's edition.

Annual Reports and Launches

14 - 16 January 2025

10:00 - 16:30 | Hall 1

Launch of the **MESIA Annual Solar Outlook Report**

Outlook Report on **Future Renewables**

Introduction to the **Rethinking Corporate Decarbonisation** report scheduled for late January 2025

A report on **Innovations that will Impact Energy Transitions**
